Last year the Senate approved an exemption to the entrance requirements for BFA students in Visual Arts that would allow students to enrol with credit in English 12 and one other provincially examinable subject. This exemption was intended to be in place only for 2006-2007. I am writing to ask you to approve an extension to that exemption because enrolment has not met the anticipated targets. Once student demand meets those targets, the entrance requirements would be increased according to the original plan.

Thank you for your consideration,

K Phillips
