History:

The policy on graduate student On-Leave Status has been subject to amendments from time to time as exhibited in the archive of Academic Calendars. At the 11 September 1991 meeting of the Vancouver Senate parental leave was added as a special leave category for graduate students and regular leave for doctoral students

was reduced from two years to one. The policy was again revised in 2012 to clarify the types of leave available and add information about the total duration of leaves granted in a graduate program. At this point, it was also renamed “Graduate Student Leaves of Absence.” In 2015, the policy was revised in order to clarify the denial of access to University facilities and resources while on a leave of absence in order to be in line with current practice and intent. Notation was added to indicate that appropriate supporting documentation may be required for all types of leave. The definition of a professional leave was expanded and clarified.
