Minutes of the Previous Meeting

Lance Rucker  Katharine Patterson

That the Minutes of the Meeting of 14 March 2012 be adopted as presented.

Approved.

Remarks from the Chair

Professor Toope acknowledged the death this week of a great friend of UBC and great British Columbian and Canadian, Dr Ike Barber. Dr Barber took enormous pride in the building in which we are meeting and great pleasure in meeting the students who use it.

With reference to the potential Teaching Assistant job action during examinations, the President informed Senate that UBC applied for a mediator with the Labour Relations Board and one had been appointed. Mediation has been called upon for negotiations with CUPE 2278 regularly in the past. Mediator Mark Atkinson has advised the parties that he
is available for talks in early May. Under the terms of the Labour Relations Code, CUPE 2278 cannot undertake any strike activity while mediation is pending. More information has been circulated by Vice-Provost Anna Kindler and can be found on the UBC homepage.

In relation to the Federal budget, the President suggested that given budget cuts made to departments, support for post-secondary education remains strong. There are substantial new investments, including a $500 million commitment to the Canadian Foundation for Innovation (CFI). UBC has benefitted tremendously from CFI funding in the past and predictable funding is appreciated. There are further investments in Genome Canada for applied research in human health and to sustain the science and technology centres that Genome Canada funds, and specific funding to support the expanded production of isotopes that will be important for the Tri-University Meson Facility (TRIUMF). Professor Toope informed Senate that he had been assured that the 1.3% cuts to the granting councils are not expected to affect core granting functions such as NSERC discovery grants, but this will be monitored. There was a further reinvestment of the cut to funds supporting industry-academic research partnerships. Our core advocacy issue was to prevent cuts to core grants and this seems to have been respected, but we will still have to make the case for the fundamental importance of basic research funding.

UBC has ended the fiscal year on 31 March having beaten our fundraising and alumni engagement targets for Start an Evolution. We raised $194.1 million this year and had 35,000 actively engaged alumni; this represents a 14% increase in alumni engagement towards our goal of 50,000. We have now raised over $900 million towards our $1.5 billion goal.

The Board has approved Dr Pascal Spothelfer’s appointment to the role of Vice President, Communications and Community Partnership effective 28 May 2012.

Further, approval has been granted by the Board to zone Gage South as academic lands; therefore any housing there will be student housing.
The President thanked Senators and others who submitted suggestions for updates to *Place and Promise*, and confirmed that he would bring the revisions to the plan forward to Senate for consideration in the future.

Finally, Professor Toope asked Senators to review revisions Policy 88 *Patents and Intellectual Property* and submit feedback to the University Counsel, noting the policy’s significance to faculty members and students.

**From the Board of Governors**

The Chair confirmed that the following items approved by the Vancouver Senate were subsequently approved by the Board of Governors as required under the *University Act*:

**SENATE MEETING OF 15 FEBRUARY 2012**

Changes to the mandate and structure of the College for Interdisciplinary Studies, including transfer of units to the Faculties

Curriculum proposals from the Faculties of Commerce & Business Administration, Dentistry, Education, Graduate Studies (Arts, College for Interdisciplinary Studies, Graduate Studies, Law, and Medicine), and Law

New program Master of Land and Water Systems (M.L.W.S.) and its associated new course

New Awards

**SENATE MEETING OF 14 MARCH 2012**

Changes to the structure of the College for Interdisciplinary Studies, including transfer of units to the Faculties

Curriculum proposals from the Faculties of Dentistry, Education, Forestry, Graduate Studies (Applied Science, College for Interdisciplinary Studies, Commerce & Business Administration, Dentistry, Education, and Medicine), and Land & Food Systems (including a new program: Bachelor of Science in International Nutrition)

New Awards

**Academic Policy Committee**

The Committee Chair, Dr Paul Harrison, presented the reports on behalf of the Academic Policy Committee.

**PROPOSAL FOR OBSERVANCE OF NATIONAL WEST COAST CLOSING EVENT OF THE TRUTH AND RECONCILIATION COMMISSION**

*Paul Harrison*  

That UBC classes be suspended for one day
Rhodri Windsor-Liscombe during the Truth and Reconciliation Commission of Canada’s final national event on the west-coast in Vancouver in September 2013 to allow students and faculty to participate in this event; and

That UBC faculty, staff, and students be encouraged to take the time to direct attention to this event and its significance and to consider how a greater awareness of the attendant issues might be integrated into their curricula and co-curricular programming.

Dr Harrison stated that this represented an unusual opportunity for UBC to have the community take part in the planned event. He apologized for the vague information being available as to which date the event would be held. He assured Senators that further details would follow to Senate in due course.

POLICY J-101 STUDENT CONDUCT DURING EXAMINATIONS AND POLICY J-102 EXAMINATION HARDSHIPS & CLASHES

Paul Harrison
Lance Rucker

That the proposed policy J-101 Student Conduct during Examinations be approved; and

That the proposed policy J-102 Examination Hardships and Clashes be approved.

Dr Harrison stated that as indicated in the preamble, these policies have been reviewed recently in light of suggested updates from the faculties. The policies are intended to provide clarity for our regulations and pull information together in one place.

Dr Bainbridge asked about students leaving exams in the last 30 minutes.

Dr Harrison replied that faculties could make addition rules including this one.

Senator Anstee asked about the printed booklets featuring the “old” examination rules.
With permission of Senate, Ms Oldford replied that arrangements had been made to have new booklets printed in time for the December examinations; should any of the old booklets still be available, stickers will be made to amend the regulations thereon.

Senator Edgecombe asked about the 24 hour definition used for examination hardships; was this reviewed and reconsidered as part of the Committee’s work?

Senator Harrison stated that this issue did come forward and the Committee decided not to propose a change at this time. Interest was expressed in expanding this definition and this is a frequent matter of consideration. The last time this was reviewed in detail the Committee discovered that to extend the definition would cause a huge increase in the number of hardships and there is not a simple solution to the problem that would cause. The Committee would be open to considering new information in this regard.

**Agenda Committee**

On behalf of Mary Anne Bobinski, Agenda Committee Chair, Senator Harrison presented.

**AD HOC STRIKE PREPAREDNESS COMMITTEE**

Senator Harrison informed Senate that in accordance with the Senate’s Strike Policy, the Ad Hoc Strike Preparedness Committee had been called together by Vice-Provost Kindler on behalf of Dr Farrar.

Paul Harrison
Robert Sparks

That Rule 9 of the Rules & Procedures of Senate be suspended to allow for the appointment of voting delegates to the Ad Hoc Strike Preparedness Committee.

Senator Harrison explained that Rule 9 prevented proxies. When Senate set the policy in question, the Strike Preparedness Committee was given a set membership but given the
hurry in which the Committee needs to be formed the Committee could not function as set.

Senator Anstee felt that there were several ways that this problem could be dealt with. He suggested that the motion seemed unduly broad and he was concerned by the lack of an expiry date. He recommended that the full voting membership could act via email.

Senator Harrison replied that this was not the sort of the Committee that took many formal votes; it was a group that developed and debated policies and guidelines. The issue was not one of quorum but rather having the right persons present to inform discussions. The Committee needed to be drawn together under adverse conditions quickly.

The President suggested that because the Committee needed to be drawn together quickly, key members might not be in the city when the Committee needs to meet. He opined that the issue was not one of voting but of representation.

A senator stated that the Committee was so inflexibly designed that it could not act when needed without this authorization.

Approved.

**Curriculum Committee**

*See Appendix A: Curriculum Summary*

The Committee Chair, Dr Peter Marshall, presented the report on behalf of the Curriculum Committee.

*Peter Marshall
William McKee*

} That the new courses, changed courses, and program changes brought forward by the Faculties of Education, Forestry, Graduate Studies (Arts, College for Interdisciplinary Studies, and Land and Food Systems), Law, and Science be approved.

Dr Marshall briefly outlined the proposed changes to the University’s curriculum.
Nominating Committee

Dr Rhodri Windsor-Liscombe, Committee Chair, presented the report on behalf of the Nominating Committee.

Rhodri Windsor-Liscombe
Des Verma

That Senate approve the appointments of Dr. William Dunford to the Council of Senates Vancouver Representative Committee Two, Dr. Santokh Singh to the Council of Senates Vancouver Representative Committee Three, and Prof. Mary Anne Bobinski to the Council of Senates Vancouver Representative Committee Five; and

That these appointments are until the conclusion of this Senate (31 August, 2014), and are made with the understanding that should one of the above persons cease to be a member of Senate, he or she will be replaced on the relevant Committee by Senate at its earliest convenience.

Approved.

Student Awards Committee

See Appendix B: Awards

Dr Sue Grayston presented the report on behalf of the Student Awards Committee.

Sue Grayston
Rhodri Windsor-Liscombe

That Senate accept the awards as listed and forward them to the Board of Governors for approval; and

That letters of thanks be sent to the donors.

Dr Anstee asked about the bursaries proposed that would be split between the disciplines of Psychology, Anthropology and Commerce; he asked if the even split would have to occur each year or if it could be averaged over several years.
With permission of Senate, the Associate Secretary replied that given the proposed language, the split would be for each year, not averaged.

### Tributes Committee

*See Appendix C: Regalia*

The Committee Chair, Dr Sally Thorne, presented the report on behalf of the Tributes Committee.

\[
\begin{align*}
Sally Thorne & \quad \text{That the proposed regalia colours be approved.} \\
Joe Belanger & \quad \text{} \\
\end{align*}
\]

Senator Thorne assured Senate that appropriate internal and external consultation had occurred with regard to the proposed colours.

In response to a question from Senator Harrison, Senator Thorne replied that soutache referred to the decorative cord or braid used under the hood.

Senator Haffey inquired as to the response rate for the honorary degrees to be conferred upon Japanese Canadian students who were interned.

With permission of Senate, Mr Eaton replied that the response has been very good; all but a few of the 76 former students or their descendants have been located and almost all were planning to attend their ceremony either in person or at the remote location set up in Toronto.

The President added that the response from the Community has been great.

### Adjournment

There being no further business, the meeting was adjourned at 6:38 pm.

Bursaries are adjudicated by the Office of Student Financial Assistance and Awards. (First Award Available in the 2013/14 Winter Session)

MEDICINE Class of 1979 Entrance Scholarship in Public Health – Scholarships of $1,000 are offered to MD students taking a break from their medical studies to pursue a Masters in Public Health within the School of Population and Public Health, or pursuing a joint MD/MPH degree. Scholarships are made on the recommendation of the School of Population and Public Health, in consultation with the Faculty of Graduate Studies, to students with high academic standing entering the MPH program. (First Award Available in the 2012/13 Winter Session)

Dan MUZYKA Head of the Class Award in Commerce – A $5,000 award is given at graduation for the student earning the top marks and standing at the head of the graduating class in the Bachelor of Commerce degree. The award is given to recognize Daniel F. Muzyka who served as Professor and Dean of the Sauder School of Business from 1999-2012. The award celebrates his contributions to the Sauder School, the University and the business community and the affection and esteem in which Dean Muzyka is held by his students, colleagues and friends. The award is made on the recommendation of the Sauder School of Business. (First Award Available in the 2011/12 Winter Session)

OUTSTANDING Clinical and Ethical Performance in Cardiology Award – A $900 award has been endowed for a first or second year resident physician in core internal medicine who intends to pursue a residence in cardiology and who demonstrates excellence in clinical care, bedside manner/communication, and ethics. The award is
made on the recommendation of the Director of the Postgraduate Education Program for General Internal Medicine, in consultation with the Division of Cardiology. (First Award Available in the 2012/13 Winter Session)

The Colin & Lois PRITCHARD Foundation Bursary – Bursaries totalling $1,750 have been endowed by The Colin and Lois Pritchard Foundation to support students in the Southern Medical Program in financial need who demonstrate a commitment to community service and to the practice of medicine. Students must be Canadian citizens. Preference is given to first or second year students who have attended or graduated from a high school located in the Thompson / Okanagan / Kootenay region of BC. Bursaries are adjudicated by the Office of Student Financial Assistance and Awards. (First Award Available in the 2012/13 Winter Session)

SCHULICH Leader Scholarships – Two renewable scholarships valued at $60,000 each, payable at $15,000 per year over four years, are offered by Seymour Schulich and the UJA Federation of Greater Toronto to support domestic undergraduate students entering either campus (Vancouver or Okanagan) at UBC from high schools, secondary schools or CEGEPs in Canada. Students must be enrolled to study in the areas of science, technology, engineering, mathematics or other related disciplines (referred to as S.T.E.M Faculties) as Seymour Schulich believes that these areas will help secure the future economic competitiveness of Canada. The Schulich Leader Scholarships are available to support and encourage young people to embrace science and technology in their future careers. When selecting Schulich Leaders consideration will be given to at least two of the following criteria: academic excellence; demonstrated leadership in school or community or evidence of entrepreneurial talent; or financial need. The scholarships are renewable for an additional three years, or until the first undergraduate degree is obtained, whichever is the shorter period. Schulich Leaders must continue to be enrolled in one of the University’s S.T.E.M Faculties to remain eligible for this scholarship. Students must be nominated by their high school, secondary school or CEGEP to be considered. The scholarships are awarded on the recommendation of Student Financial Assistance & Awards. (First Award is Available in the 2012/13 Winter Session)

Note: Two new renewable scholarships will be offered for the 2012/13 inaugural year and three new renewable scholarships are to be offered to incoming undergraduate students each year starting 2013/14. The description will be updated for 2013/14 to reflect the availability of three renewable scholarships.

Carol Lynn SMITH Memorial Award in Engineering – An award of $1,000 is offered by family, friends and colleagues of Carol Lynn Smith to a third year female undergraduate engineering student to recognize high academic achievement with demonstrated leadership and service to the community. Carol was a proud alumnus of the Department of Civil Engineering Class of 1984 and a professional traffic engineer for 23 years, leading the way as a woman in engineering long before this was common. Well-respected by her peers, she was genuine, good-natured, loyal, kind and deeply committed to her field. Preference is given to Civil Engineering students. Recommendations are made by the Faculty of Applied Science. (First Award Available in the 2012/13 Winter Session)
Marcel ST. JEAN Award in Pharmaceutical Sciences – Two awards of $500 each are offered by UniPHARM Wholesale Drugs Ltd in memory of Marcel St. Jean, a long-time friend and respected industry colleague of the company. These awards are for fourth year students graduating from the Faculty of Pharmaceutical Sciences who display exceptional professionalism and have high academic standing. The awards are made on the recommendation of the Faculty. (First Award Available in the 2011/12 Winter Session)

UNDERGRADUATE Bursary in Psychology, Anthropology and Commerce – Bursaries totalling $3,000 are offered by an anonymous donor to undergraduate students in any year of study majoring in Psychology or Anthropology, or who are pursuing a Bachelor of Commerce degree. The amount is to be split evenly between the three disciplines. Bursaries are adjudicated by the Office of Student Financial Assistance and Awards. (First Award Available in the 2012/13 Winter Session)

Andrew WADE Memorial Award in Visual Analytics – Awards totalling $2,500 have been endowed in memory of Andrew Wade, a 2003 UBC graduate from Denver, Colorado. After being introduced to the new field of Visual Analytics while at UBC, Andrew continued his education at SFU where he became their first Master’s graduate in Visual Analytics. He was killed in an air crash in Nepal in September 2011 along with 18 others. At the time, he was working in India using Visual Analytics to solve data set problems in software from SFU, Boeing Co. and Optimus Information Systems. During an earlier internship with Boeing, while working with their safety engineers, he used Visual Analytics to find ways to minimize damage to aircraft from bird strikes. This ‘paired analysis’ method precipitated changes in five Boeing aircraft and their pilot safety manual. He was to begin working in a full time position with Boeing in November 2011. The award is for undergraduate students who demonstrate an interest and acumen in Visual Analytics techniques and tools using real world data provided by industry or academic partners. The award has been created by family, friends and colleagues in memory of Andrew Wade who was passionate about this growing field and excelled at finding solutions to real world problems using Visual Analytics. Recommendations are made by the Department Head of the Cognitive Systems Program. (First Award Available in the 2012/13 Winter Session)

PREVIOUSLY-APPROVED AWARDS WITH CHANGES IN TERMS OR FUNDING SOURCE:

#6489 ELDORADO International Graduate Award in Mining Engineering – Awards totalling $40,000 are offered by Eldorado to international students from China, Brazil, Turkey or Greece. To be considered candidates must be enrolled in the Master of Engineering in Mining Engineering program. Candidates may have the opportunity to undertake a co-op work placement with Eldorado during their degree through the UBC Engineering Co-op Office. The nominating committee will take into account not only the student’s academic record, but also other qualities which may lead to a successful career in mining. The award is made on the recommendation of the Norman B Keevil Institute of Mining Engineering. (First Award Available in the 2012/2013 Winter Session)

How Amended: Specified that only M.Eng. students are eligible for the award.
#936 Ray COLE Architecture Scholarship – A $1,000 scholarship has been endowed by Busby & Associates Architects for students in architecture, with preference given to students demonstrating commitment to sustainable design principles. The award is made on the recommendation of the School of Architecture in consultation with the Faculty of Graduate Studies.

*How Amended: This scholarship has moved from being an annually funded scholarship to an endowed scholarship.*

INTERNATIONAL Tuition Award – Tuition awards of up to $3,200 are offered by the Faculty of Graduate Studies to international graduate students in research-oriented programs. The awards are made by the Faculty of Graduate Studies.

*How Amended: A name change (from “International Partial Tuition Scholarship” to “International Tuition Award”) was approved by the Senate Awards Committee at the November 2011 meeting. We inadvertently requested that the name change take effect as of the 2012 Winter Session, but had meant for the name change to take effect as of 2011W.*

#7976 UNIVERSITY Publishers Marketplace Scholarship in Engineering – A $1,000 scholarship is offered by University Publishers to assist an Engineering student in the first to third year of studies at The University of British Columbia. Candidates must have high academic standing to be considered eligible for this award. Recommendation is made by the Faculty of Applied Science.

*How Amended: Award has been changed to recognize academic merit (scholarship) and not leadership (award). The donor has also specified that the scholarship should go to students in first through third year and references to leadership and participation in the Engineering Undergraduate Society have been omitted. The inclusion of the word ‘marketplace’ in the title and the removal of financial need criteria are as per the donor’s wish.*
